Covering an area of around 450 m², our Villa is a beautifully restored former monastery dating from the 1500s.

It consists of two separate parts: the Grand Salle, which on the ground floor comprises the monastery's former refectory, transformed into a splendid 170 m² room for dinners and receptions, and a 19th-century addition, where the bedrooms, bathrooms, cinema room, spa/hammam and reception area are located.
